

COMPANY PROFILE

over 20 years of experience

COMPANY PROFILE

ABOUT OUR COMPANY

We are an experienced IT solutions provider offering full-cycle high loaded enterprise systems, web applications, mobile applications, Internet of Things (IoT) development and IT staff augmentation. We are proud of our experience on custom software development for various industries for clients mainly from Western Europe and United States.

Combination of software, firmware development and hardware solutions allows us to satisfy the most demanding clients.

We build applications from scratch, as well as support and develop existing products.
